2015-02-27 Economics is a subject you learn by doing Foundations of Economics breaks the mold of a traditional text and becomes a practice oriented learning system each chapter uses a checklist to

focus students attention on the most important key concepts a discrete section introduces each of these core concepts and is immediately followed by a checkpoint a full page of practice that applies the concept the result is a patient confidence building approach that prepares students to use economics in their lives regardless of what their future career will be many instructors turn to online assessment in myeconlab as a way to encourage practice without needing to grade homework by hand bade and parkin have written online versions of their checkpoints and end of chapter problems in myeconlab so that there is complete synchronicity

between the content online and in the text
