book presents a number of
empirical case studies of
community economies in the
context of a nordic welfare
state to better understand the

potential of community
economies and the interaction
and friction with state
governance and more generally
the conditions in which
community economies and
nordic welfare states can co
exist and cooperate
Citroen C3 2005 this book
helps to better understand how
the interaction between local
and international peacebuilding
actors influences the outcomes
of their programs based on the
case study of ituri in the
democratic republic of congo it
analyses the relationships
between local and international
peacebuilding actors over the
long term and assesses ways to
overcome the obstacles to more
cooperative partnerships

focusing on perceptions the book nuances existing definitions of war peacebuilding and peace and allows for a more comprehensive understanding of conflict contexts thereby it contributes to the literature on peacebuilding effectiveness and makes concrete suggestions for translating these findings into practice

EAccess to Justice
2016-10-14 ancient greek and semitic languages resorted to a large range of words to name the divine gods and goddesses were called by a variety of names and combinations of onomastic attributes this broad lexicon of names is characterised by plurality and a

tendency to build on different sequences of names therefore the mapping ancient polytheisms project focuses on the process of naming the divine in order to better understand the ancient divine in terms of a plurality in the making a fundamental rule for reading ancient divine names is to grasp them in their context

â€ time and place a ritual the form of the discourse a cultural milieuâ€ a deity is usually named according to a specific situation from artemis eulochia to al lat al uzza and manat from melqart to â€emy rockâ€ in the biblical book of psalms this volume journeys between the sanctuary on mount gerizim and late antique magical

practices revisiting rituals hymnic poetry oaths of orators and philosophical prayers while targeting different names in different contexts the contributors draft theoretical propositions towards a dynamic approach of naming the divine in antiquity

populism is an expression of anger its appeal stems from being presented as the solution to disorder in our times the vision of democracy society and the economy it offers is coherent and attractive at a time when the words and slogans of the left have lost much of their power to inspire pierre rosanvallon takes populism for what it is the rising ideology of the twenty first century in the populist century he develops a rigorous theoretical account of populism distinguishing five key features that make up populist political culture he retraces its history in modern democracies from

the mid nineteenth century to the present and he offers a well reasoned critique of populism outlining a robust democratic alternative this wide ranging and insightful account of the theory and practice of populism will be of great interest to students and scholars in politics and the social sciences and to anyone concerned with the key political questions of our time

2020-09-02 the volume seeks to
establish socio onomastics as a

field of linguistic inquiry not only within sociolinguistics but also and in particular within pragmatics the linguistic study of names has a very long history but also a history sometimes fraught with skepticism and thus often neglected by linguists in other fields the volume takes on the challenge of instituting onomastic study into linguistics and pragmatics by focusing on recent trends within socio onomastics interactional onomastics contact onomastics folk onomastics and linguistic landscape studies the volume is an introduction to these fields with the introductory chapter giving an overview of and an update on recent onomastic

study and in addition offers detailed in depth analyses of place names person names street names and commercial names from different perspectives historically as well as from the point of view of the impact of globalization and glocalization all the chapters focus on the use and function of names and naming on changes in name usage and on the reasons for processes in and results of names in contact [A Spirit of Tolerance](#) 2008 the haynes service and repair manual for the piaggio vespa scooter

Divine Names on the Spot

2021-12-23 plymouth university academic dr charlie mansfield approaches literary tourism in this book initially from an historical perspective in order to define the phenomenon through a review of the existing academic literature in the field the forms of literary tourism are analysed to provide a typology and from this the value of literary tourism is explained both from the visitor's point of view and the destination manager's current theories underpinning the existing literature on literary tourism including bourdieu's concept of cultural capital are

reviewed to extend the current state of research and to answer the research questions a case study of successful urban literary tourism is identified in brittany france the uses of french literature in literary tourism are reviewed to provide a sound basis on which to examine french texts and tourist destinations novel methods of field research are developed to formalise and to make reproducible the methodology for this study and for future work drawing on and seeking to combine both literary theory and ethnography following a pilot study on the french riviera the full discovery instruments are designed and applied in

fieldwork on the case destination concarneau using the detective novel the yellow dog which is set in concarneau analysis of the findings from this provide a new contribution to the field of literary theory in the area of reader interpellation and answer the research questions in the form of a new set of recommendations for dmos and tourism stakeholders from the empirical study that used 20 social media only available since 2013 an analysis of which novels do stimulate literary tourism is presented for the first time out of the research process new methods have been evolved and are presented in the conclusion for

the dmo to synthesise and leverage digital resources this provides dmos with interpretation processes for its managed heritage to use with its local stakeholders in hotels and in tourism businesses finally an innovative conceptualisation of what constitutes tourism knowledge is proposed
